38	41	Alfie Shaw	Southport CC	9.50.7

Comments: Thank you to everybody who turned up to ride and support this Hill Climb. It was an excellent turnout and hopefully introduced the "Joys"!! of riding hill climbs to those who have not ridden one before.

Many thanks to Bill Lloyd and Colin Baldwin from the Southport CC who rode out and assisted with the running of this event and thanks go to the many members of my club, the Merseyside Wheelers, who despite having no riders to support came out in their numbers to act as officials and supporters, and without whom this event could not have been run. Congratulations to the fastest riders who have shown how fast this climb can be ridden.

John Clarke. (Merseyside Wheelers)
